

MSP in Montenegro

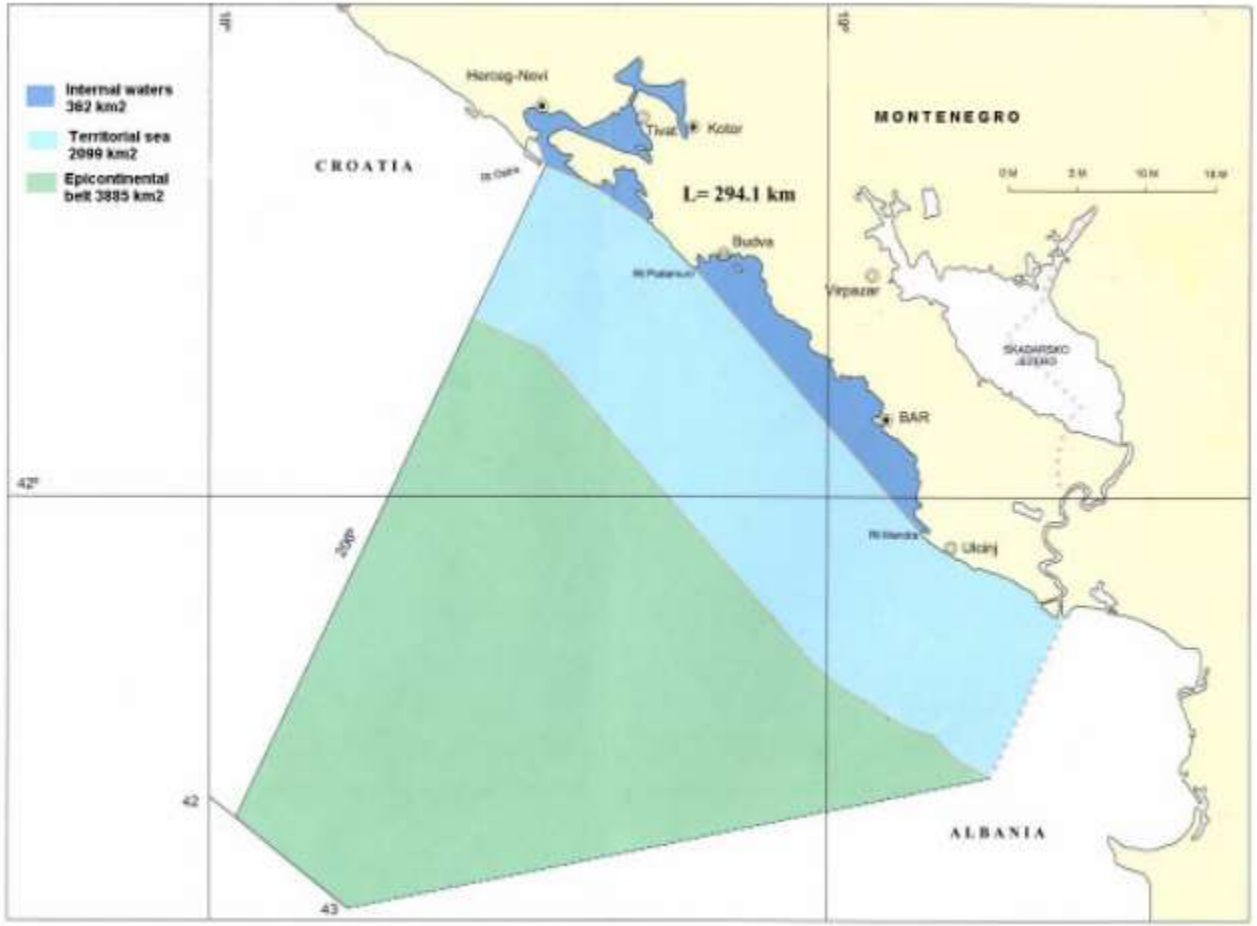

Marina Marković, PAP/RAC
Ivana Stojanović, MSDT
Željka Čurović, MSDT

EUROPEAN COMMISSION

DIRECTORATE-GENERAL FOR MARITIME AFFAIRS AND FISHERIES

European MSP Platform

MONTENEGRIN MARINE AREA

Coastline - 293 km

Marine surface is 2461 km^2

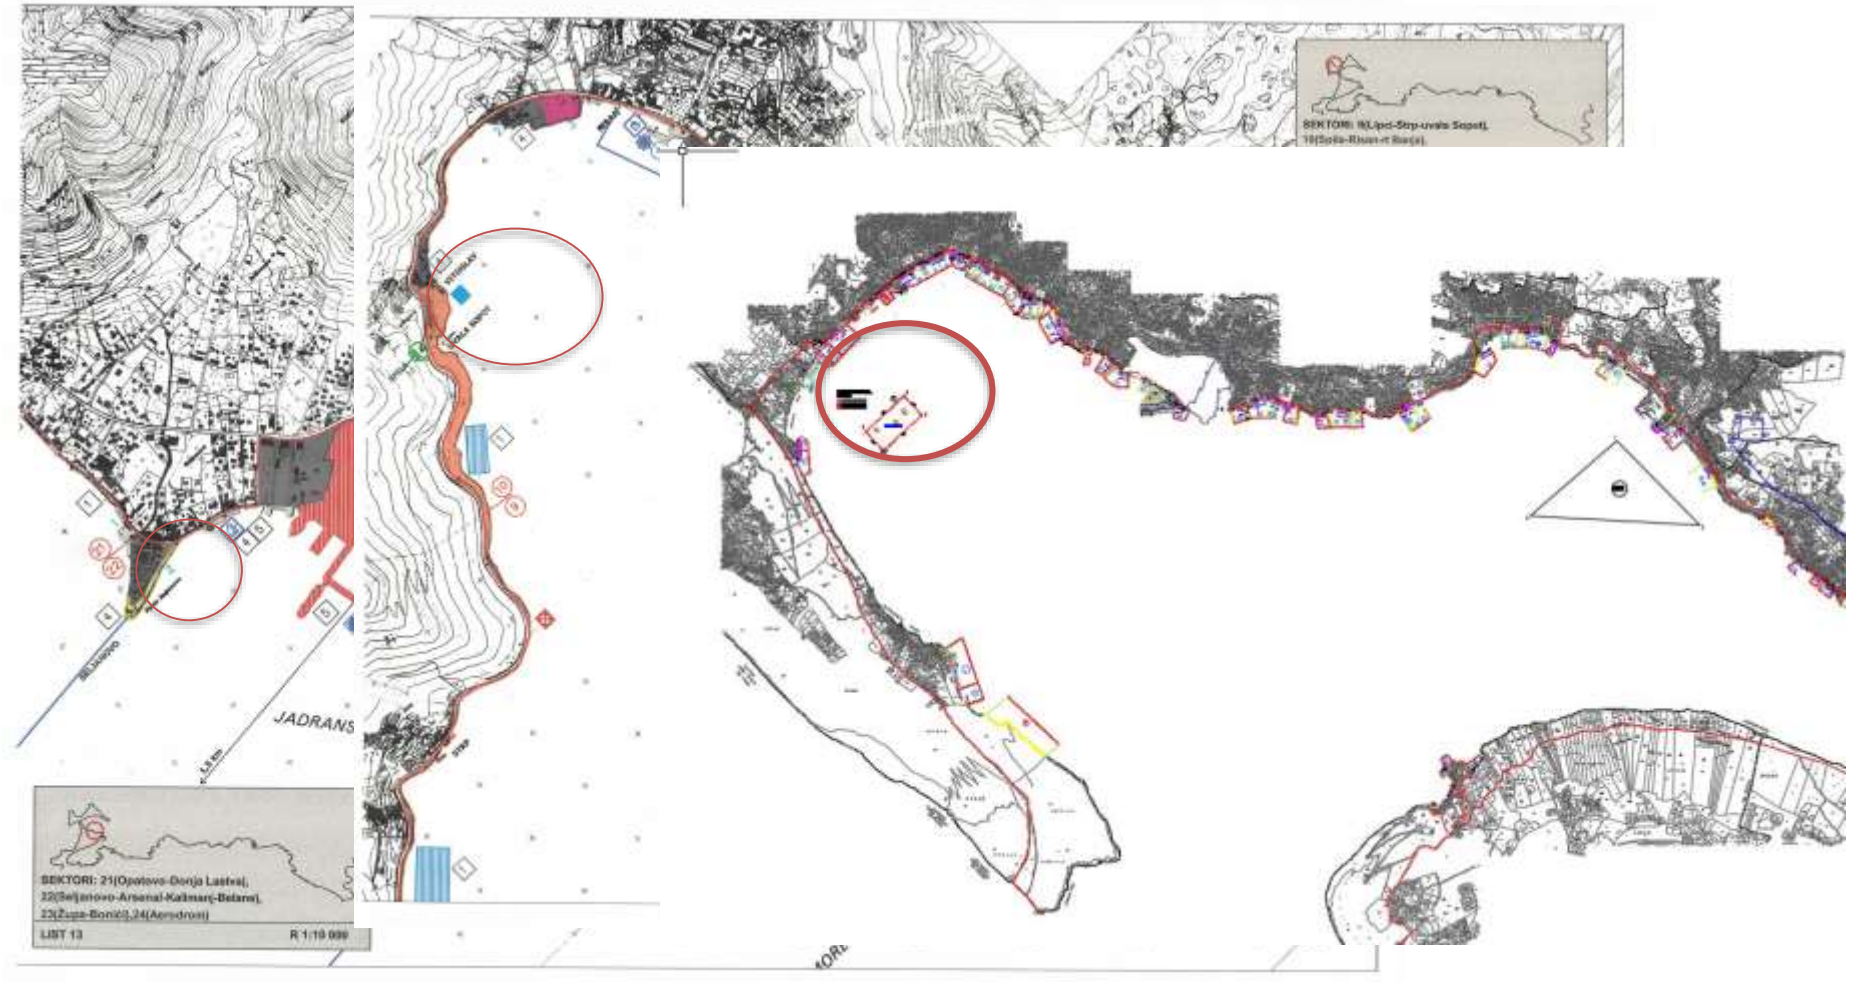

- teritorial sea 2099 km^2
- internal sea 362 km^2

(epic. belt 3885 km^2)

Law of the sea (2011) envisages establishment of the EEZ that needs to be adopted by the Parliament

MARINE PLANNING UNTIL NOW

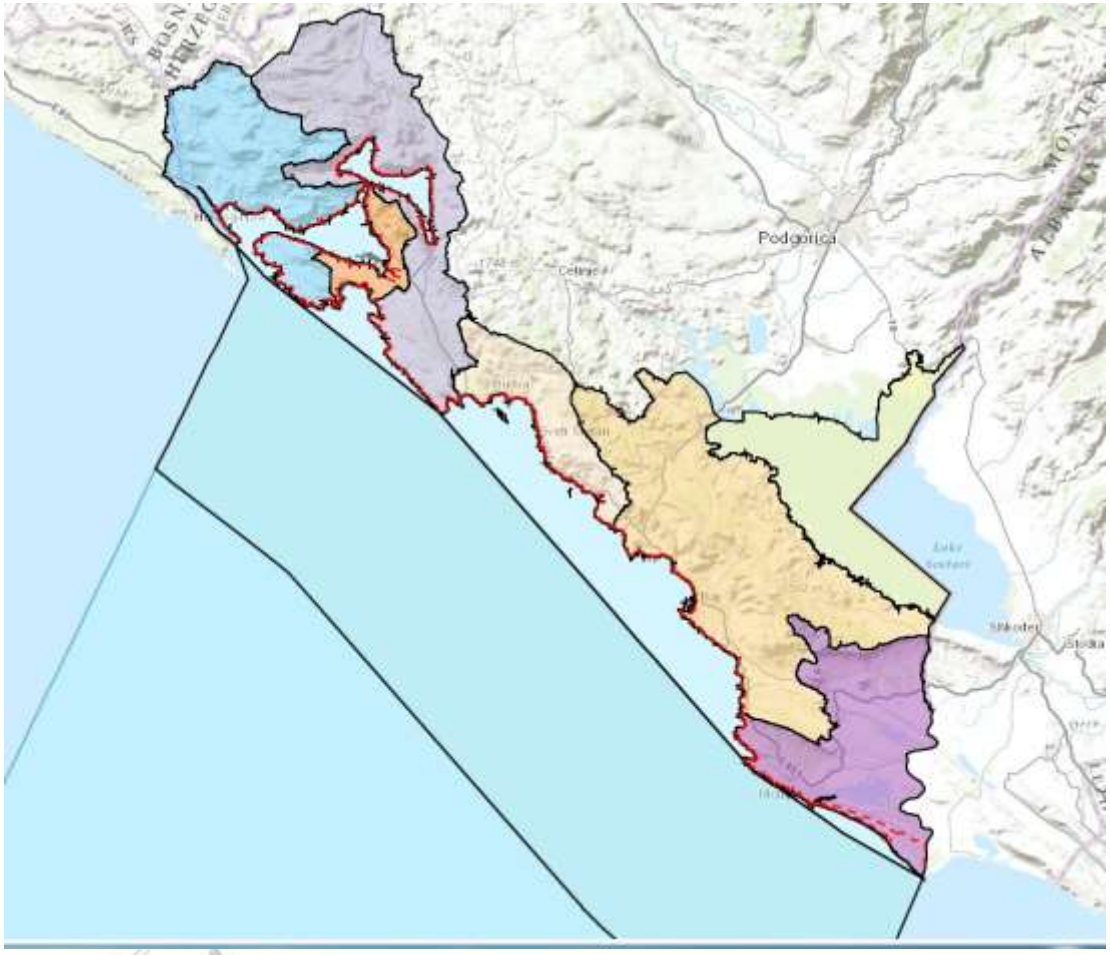

MARITIME DOMAIN PLAN (2007)

TEMPORARY OBJECTS PLANS – based on conscesions; up to 5 years

MARINE PLANNING UNTIL NOW

COASTAL PLAN – TOOLS FOR LSI

draft; to be adopted by July

CAMP PROJECT & ICZM Strategy
UNEP MAP PAP/RAC (2011-2015)

MARINE PLANNING UNTIL NOW

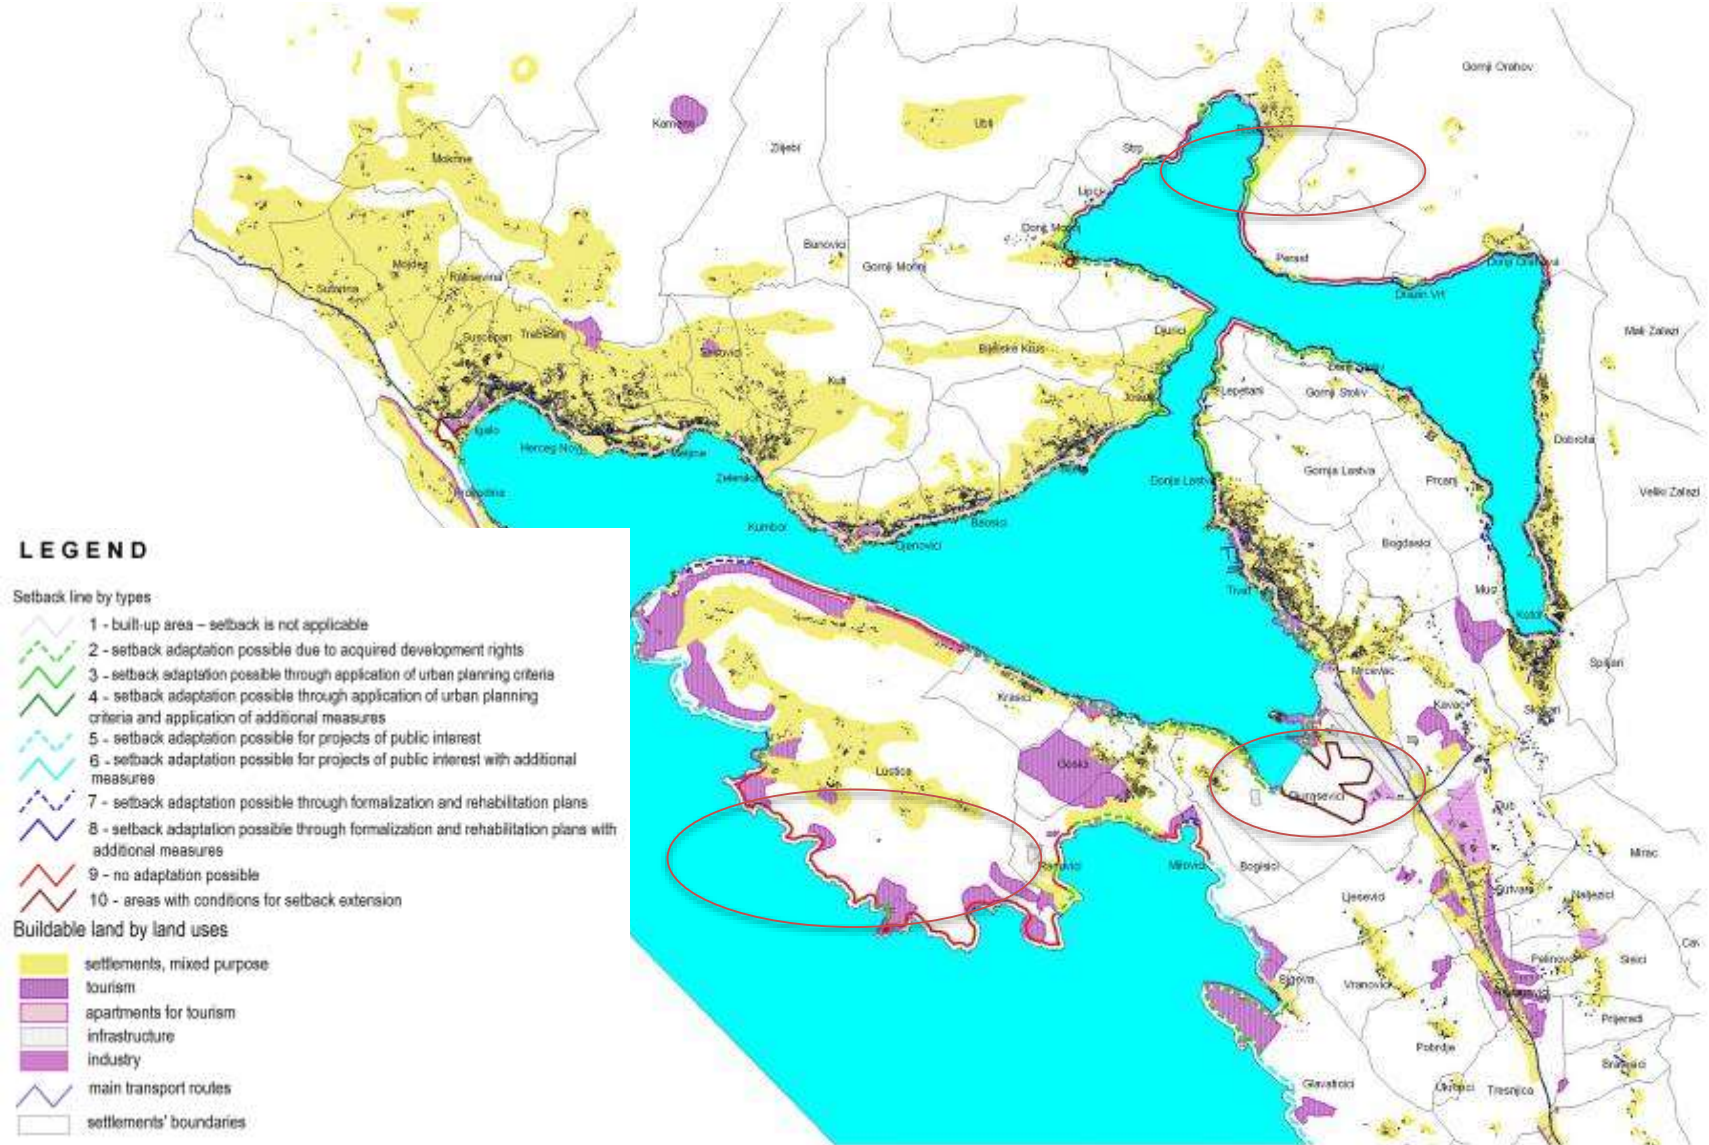

COASTAL PLAN - SET BACK ZONE – LAND SEA INTERACTIONS

European MSP Platform

MARINE PLANNING UNTIL NOW

COASTAL PLAN - SET BACK ZONE – LAND SEA INTERACTIONS

CHALLENGES

Integrated approach – WFD/MSFD/EcAp → MSP

OPPORTUNITY

PILOT PROJECT IN BOKA-KOTORSKA BAY

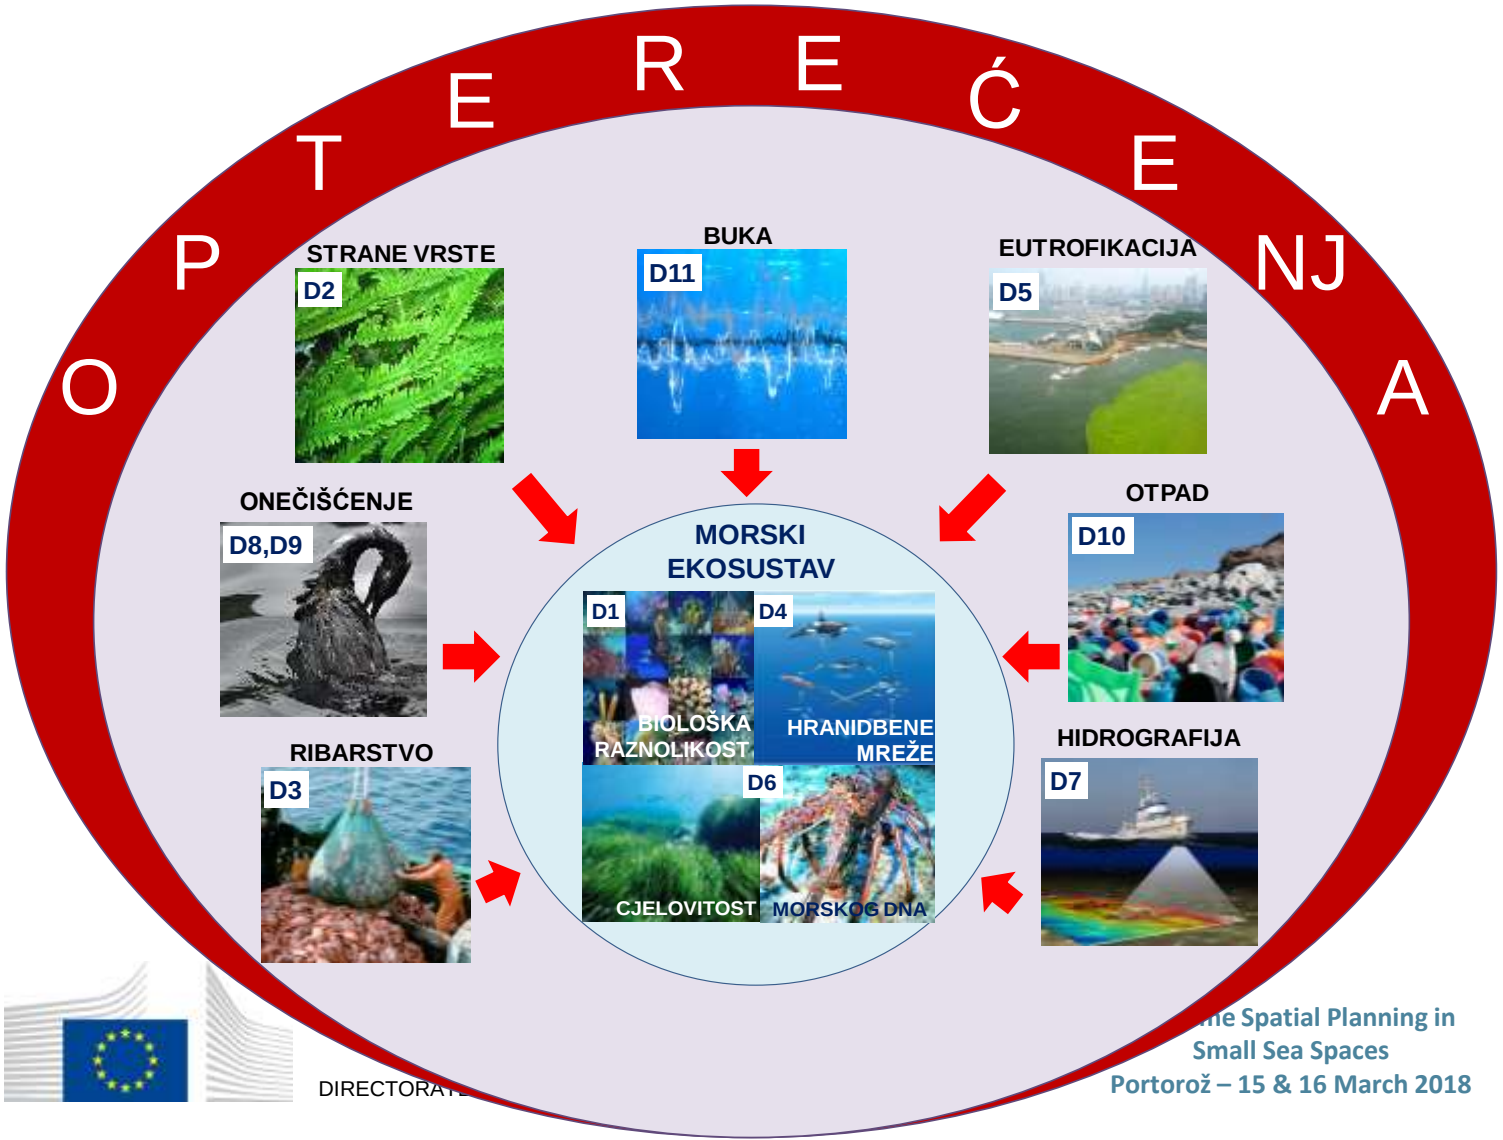

Marine area of 89 km^2

Small sea area – opportunity (area, data, concentration of uses)

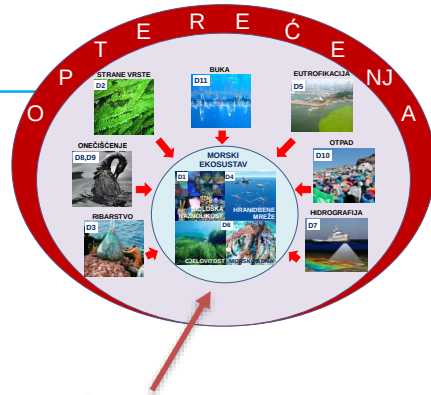

OPPORTUNITY

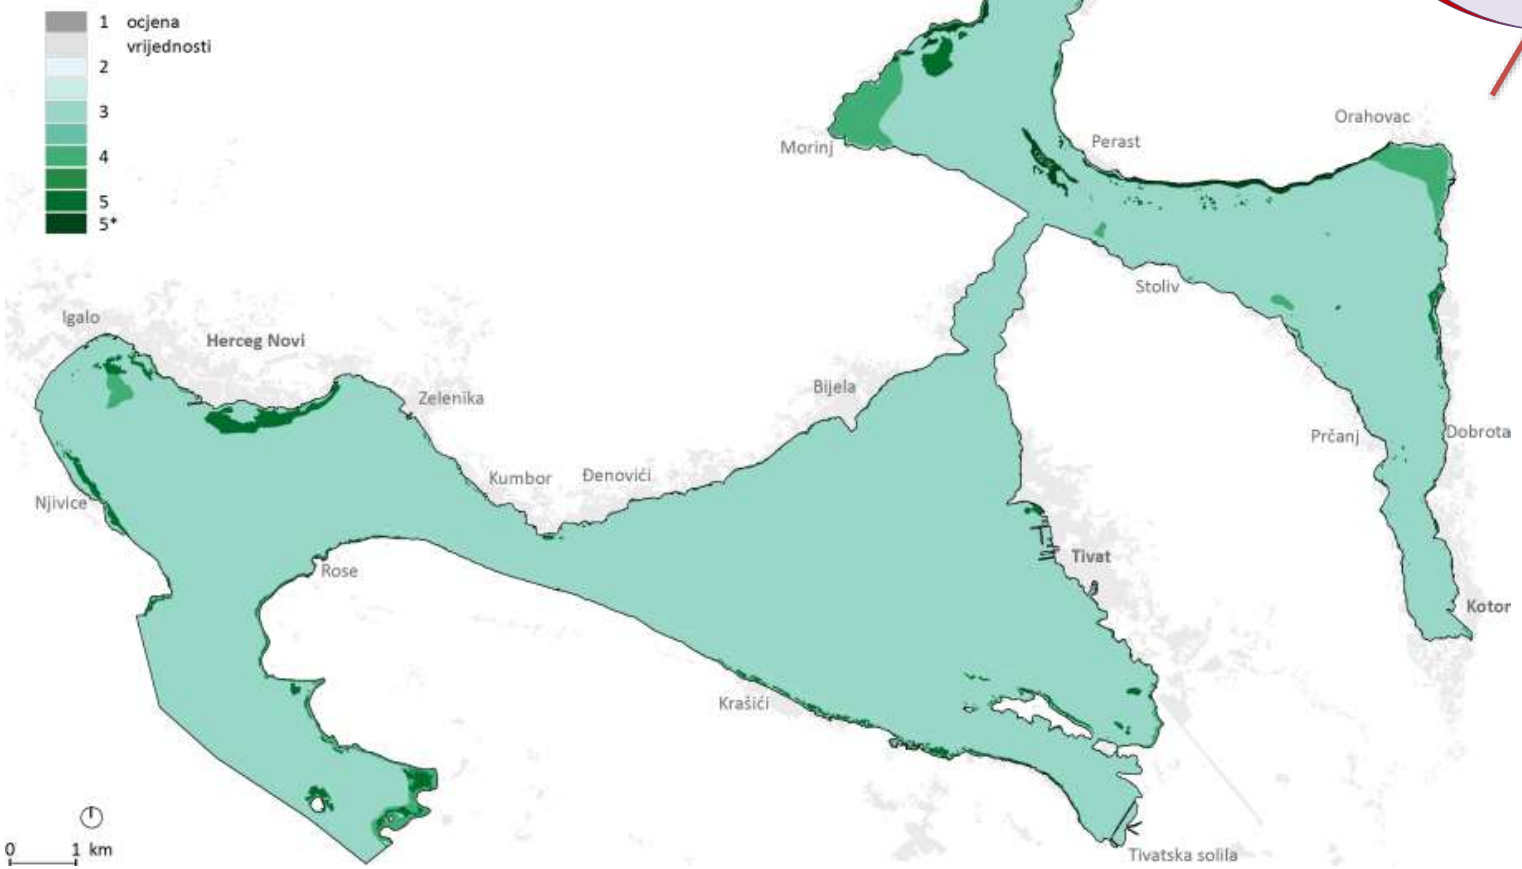

PILOT PROJECT IN BOKA-KOTORSKA BAY

01 Assessing **value** of each env. component: Habitats

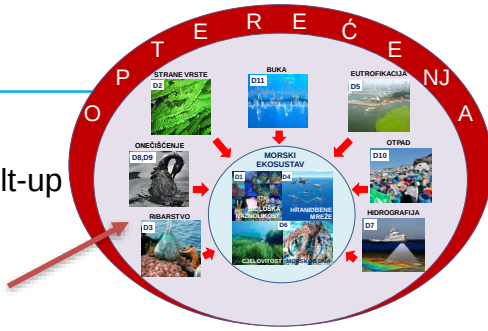

Value: very low – very high (to extremely important)
Criteria: protection status, distribution/rareness, representativity,

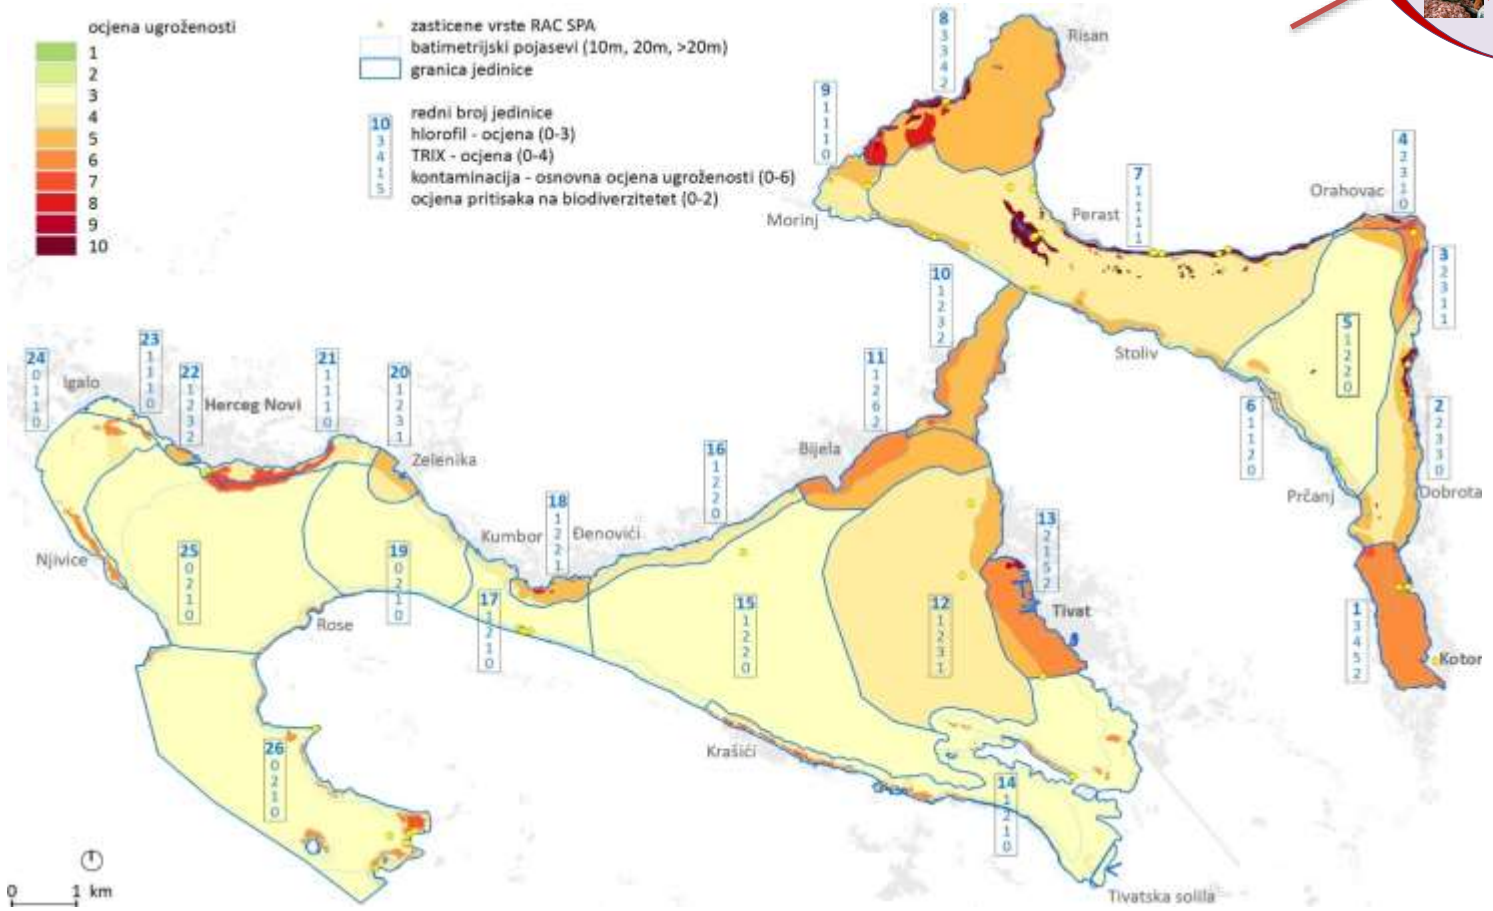

02 Assessing **impact** on each env. component: Habitats

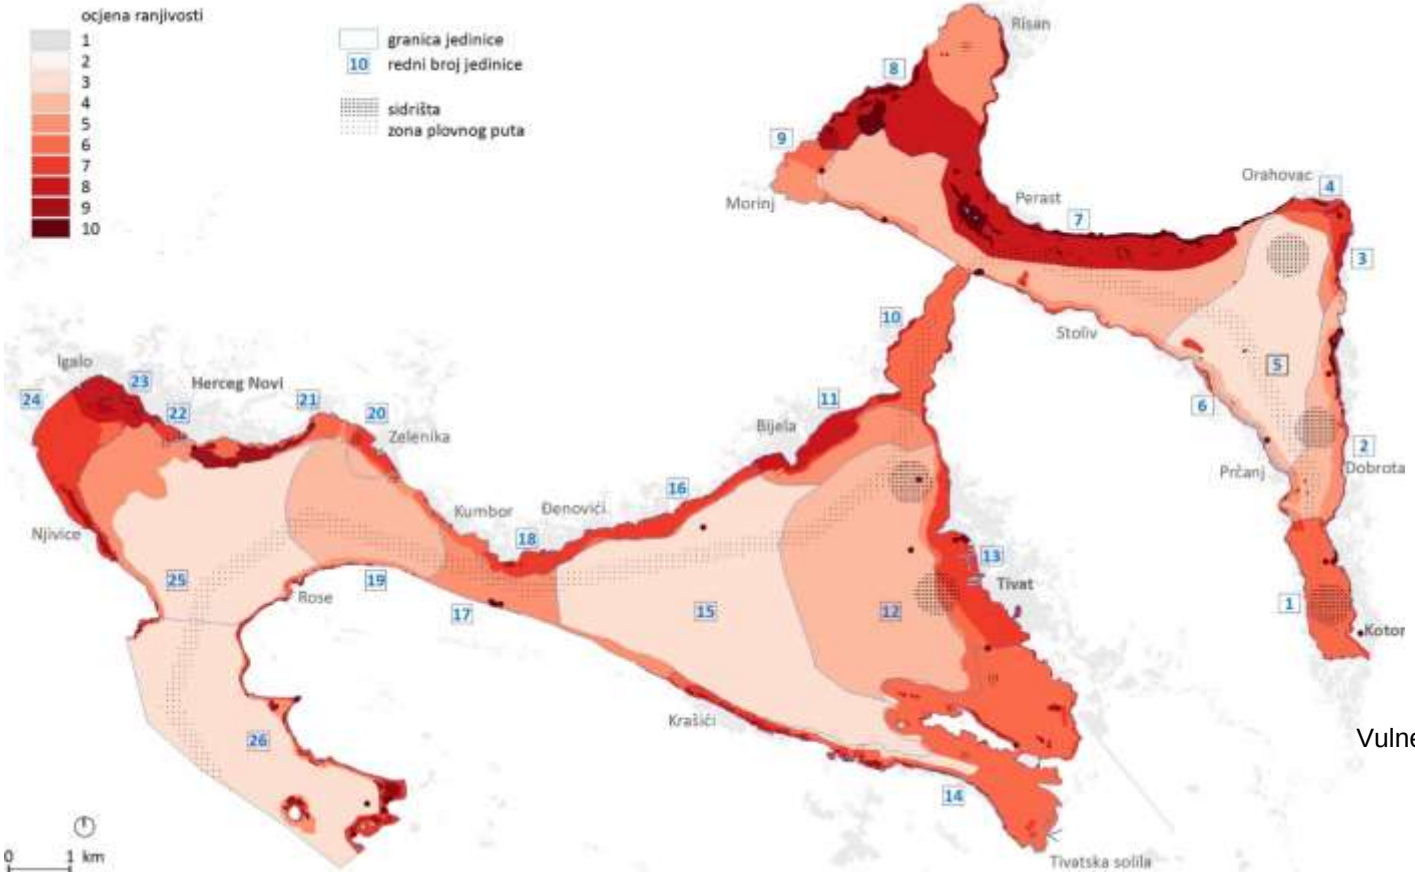

Existing Impact: very low – very high
Criteria: initial value index with impacts based on **euthrophication** (trix), **contaminats**, built-up areas, maritime way

03 Assessing Vulnerability: Habitats

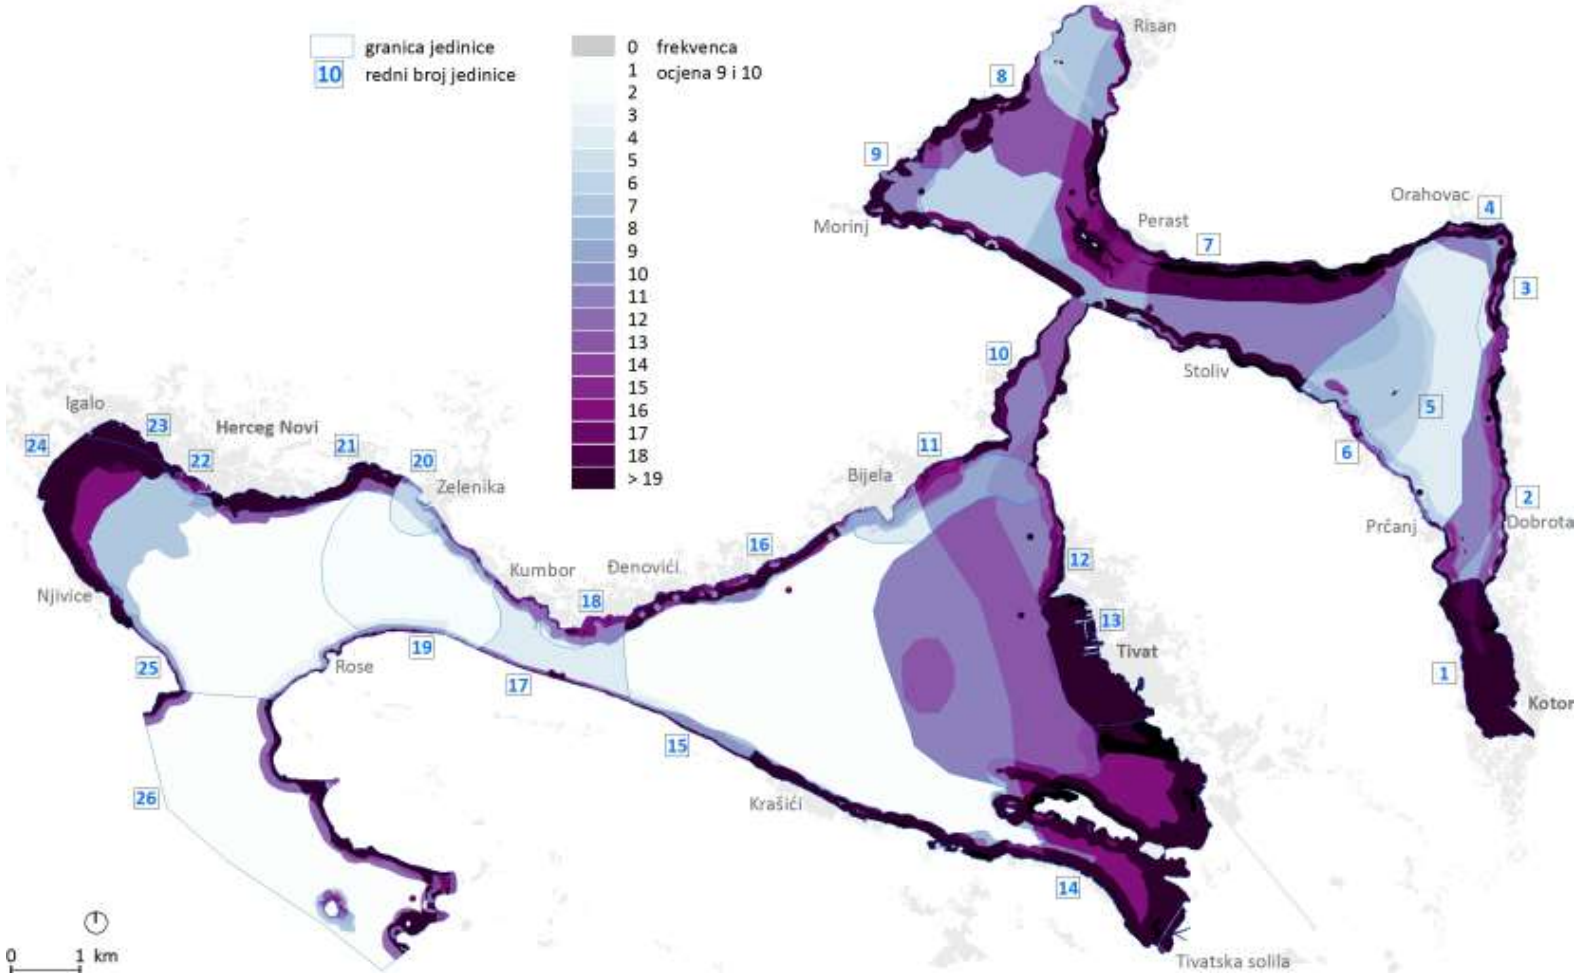

Vulnerability to **expected** impact from activities (20): very low – very high
Each individual activity of each component of the environment
Criteria: extent of expected change, value/impact index, adaptive capacity

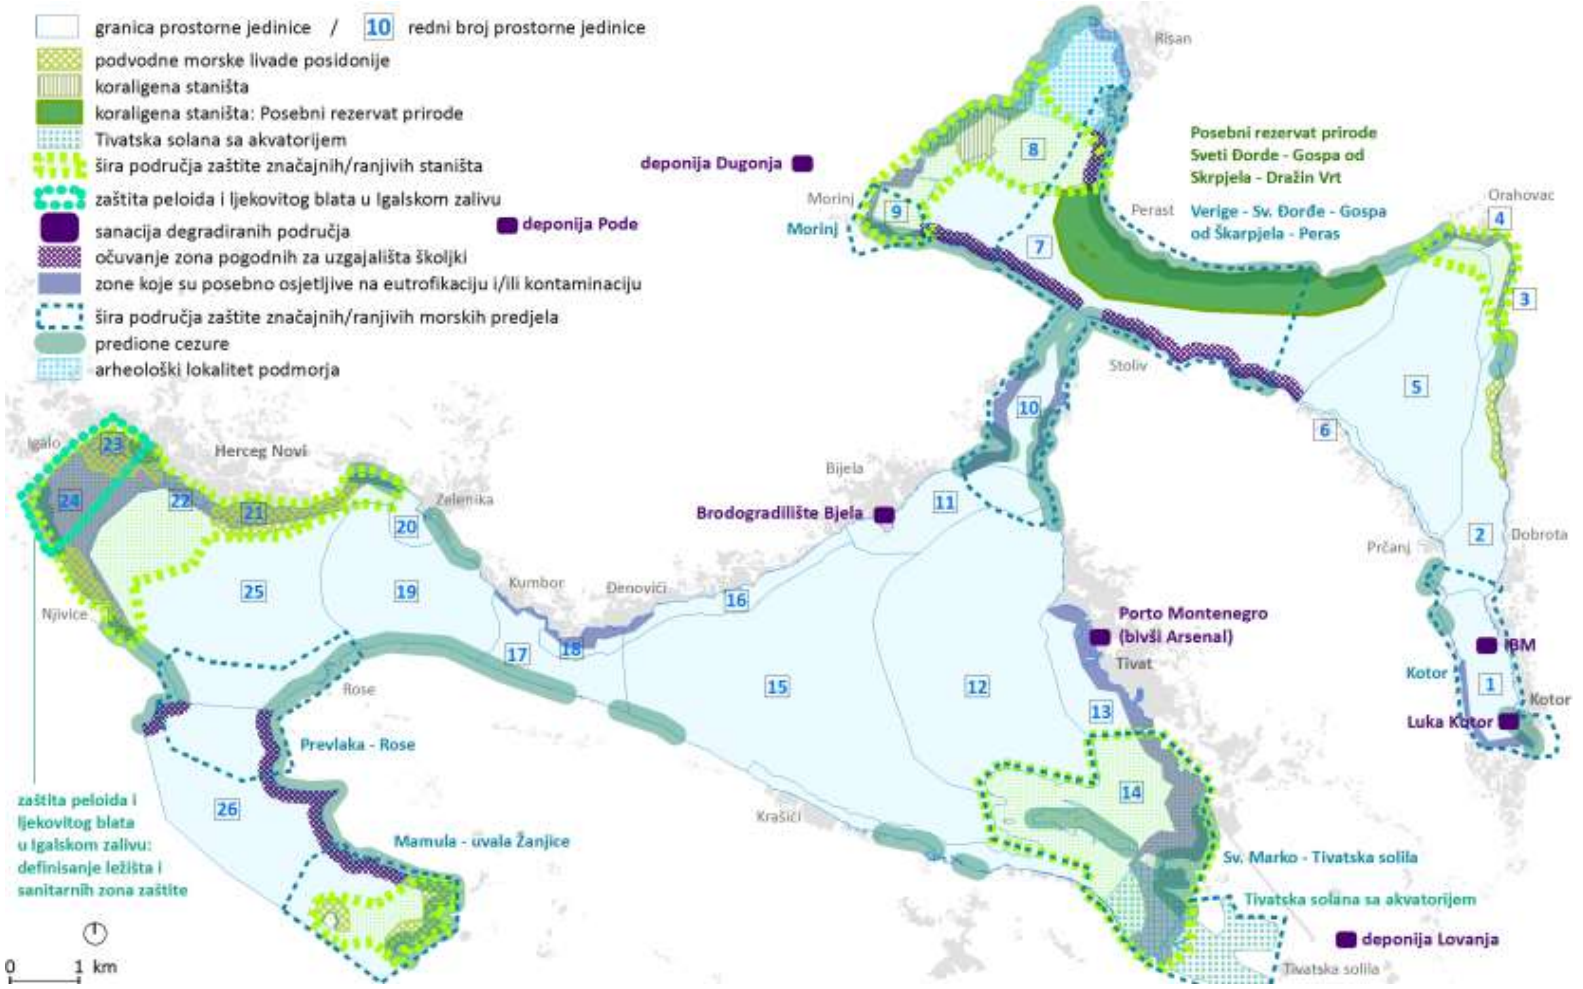

Vulnerability of BD to recreat. boating

03 Assessing Vulnerability:

Integrated vulnerability of all environmental components and activities

04
Planning (environmental) recommendations

CHALLENGES

Integrated approach – WFD/MSFD/EcAp ⟶ MSP

Public participation - land use planning involves public in the stage of draft plan. New law (2017) provides opportunity for early involvement in the planning process

Administrative capacities

Changes in the spatial planning system – new plan for Montenegro (General regulation plan; coastal region); MSP integrated in the new plan?

OPPORTUNITY

GEF funded: Adriatic project

- **Albania & Montenegro**
- UNEP/MAP
- 2 years project; cca 2,000,000 Eur
- Approved
- MSP in Montenegro
- Cap.buil. For MSP in both countries
