- Move the agenda from **conflicts towards consensus**
- Offers Private and Public **Investment Certainty**
 - ✓ Productive Projects (Industrial, Aquaculture, Turistic, Shipping, Fishery, others)
 - ✓ infraestructure Projects (Oil and Gas, Ports, Wind farms)
 - ✓ Understands risk, vulnerabilty and adaptation in front of Natural Hazards

Empowered lives.
Resilient nations.

State of the Marine Environment & Associated Socio-Economics in the CLME+ region

Institutionalize the TDA/SAP approach

What is *SOME*?

A comprehensive, institutionalized and collaborative regional assessment mechanism of the state and governance of the CLME+ shared living marine resources, its ecosystem goods and services and the socio-economic aspects related to their use. It will inform decision-making and create a bridge between the fisheries and environment sectors and other sectors of society.

For whom?

- Governments
- IGO'S
- Donors
- NGO and other supporting organizations

Ownership

For more information:
www.clmeplus.org

Partners?

Will have a MSP component !!!

Thank you very much!!!!
