

Webinars of the MED-MSP-CoP

The MED-MSP-CoP organises a series of technical Webinars to

- Disseminate valuable practices on MSP in the Mediterranean
- Illustrate how such experiences tackle some of the key challenges related to the two focus topics addressed by the MED-MSP-CoP in its first year of activity, in short: “MSP for MPAs and OECMs” and “MSP as key enabler for SBE strategies and initiatives”
- Provide a regular opportunity for an open discussion on MSP-related issues of common interest for the MED-MSP-CoP experts
- Invite any other experts in participating to the discussion and more in general to join the MED-MSP-CoP.

Each Webinar refers to one of the focus topics of the MED-MSP-CoP and some of its sub-topics as identified by the MED-MSP-CoP experts (for more information refer to the 1st year Action Plan and the report of the MED-MSP-CoP workshops available on the [EU MSP Platform](#)).

If you are not a member of the MED-MSP-CoP and you would like to participate in the Webinars please contact us at info@maritime-spatial-planning.ec.europa.eu.

II MED-MSP-CoP Webinar

MSP AND OFFSHORE WIND ENERGY
