"From Position to Practice"

Reflections and Outcomes from the European Blue Forum Annual Meeting

To those who share our passion for the future of European Seas, we were thrilled to have you join us on our journey toward a more sustainable and vibrant blue economy on 30th May 2024 in Svendborg, Denmark either physically or remotely. This year's theme centred around action – transforming ideas into impactful practices, identifying innovative solutions, and striving for bold and ambitious changes for a brighter, more sustainable future.

Calls for Stakeholder Insights

Stakeholder Consultation in Maritime Spatial Planning Survey

We want to hear from stakeholders who took part or wanted to take part in Maritime Spatial Planning (MSP) in EU countries. As MSP has become a crucial component of environmental governance across the EU, Member States have adopted varied approaches to stakeholder consultation.
